Introduction of MalishaEdu

Founded in 2012, Guangzhou MalishaEdu Co., Ltd is a prominent educational consultancy based in Guangzhou, China. Specializing in global promotion of Chinese education, we assist international students in securing admissions to Chinese Universities. Serving as a bridge between Chinese and overseas students.

We have established the Belt & Road Chinese Center (BRCC) and started Chinese language and culture instruction to the international community & foundation courses in different countries to nurture qualified students for Chinese Universities.

Additionally, we have established "Easy Link" to provide assistance with job placement for graduates in Chinese enterprises and assist foreigners to register their company & run it in China smoothly.

We always put education on our top priority, so we have established Malisha Foundation for helping excellent but economically needy students from different countries to make sure that they are getting the opportunities for their higher study in either their country or in China.

MalishaEdu is dedicated to advancing Chinese education on a global scale, with a primary focus on Belt and Road Countries. Our mission is to facilitate a deeper understanding of China, its educational system, technological advancements, and foster social impact within these communities following their education from Chinese institutes.

ENGR. SHEIKH KORBAN ALI

Chairman of MalishaEdu

Engr. Sheikh Korban Ali is from Bangladesh and has received good education since his childhood. In 2006, he was successfully admitted to Brac University, one of the best Universities in Bangladesh. After graduation, he successfully applied for the Chinese Government Scholarship and got the opportunity to study at Southwest Jiaotong University in Chengdu, China. After coming to China in 2010, has had deeply felt the rapid development of China, especially in the field of education, China is extremely inclusive, advanced, and global vision and mind; while

studying in China, he has helped some friends to apply for the opportunity to study in China, but the power of a person is far enough to meet the needs of students all over the world, so in 2012, he has founded MalishaEdu in Bangladesh. With the development of the company and the growth of business he has registered the company in Hong Kong, then Guangzhou. Later, has established employment service and business consulting service company (Easy Link); established the Belt & Road Chinese Center (BRCC) to promote Chinese language & Culture, and Malisha Foundation to contribute to the society.

MESSAGE FROM ENGR. SHEIKH KORBAN ALI

As an education service enterprise in China, we do not pursue economic benefits first, but pay more attention to the value and significance of studying in China. We always adhere to the business philosophy of promoting Chinese education and Belt and Road initiative in offshore as the center, taking innovation as the driving force, quality as the guarantee, and employees as the fundamental. Through our efforts, we hope to create more value for the field of studying in China, and make more contributions to China's internationalization and publicity of the Belt and Road initiative.

DR. MARUF MOLLAH

Managing Director of MalishaEdu

Dr. Mollah Maruf, from Bangladesh, completed his foundation course at Shandong University, Jinan, China, in 2011, completed his MBBS in 2012 from Sun Yat-sen University, and did oncology research. In 2023, he finished his MBA from the South China University of Technology, Guangzhou, China. Later, in 2023, he spent the leadership program at the University of Cambridge in the United Kingdom and became a visiting Professor at Central South University of Forestry and Technology, Changsha, China 2023.

During his study period, he was with Eng. Sheikh Korban Ali founded MalishaEdu together and has been appointed Managing Director of MalishaEdu.

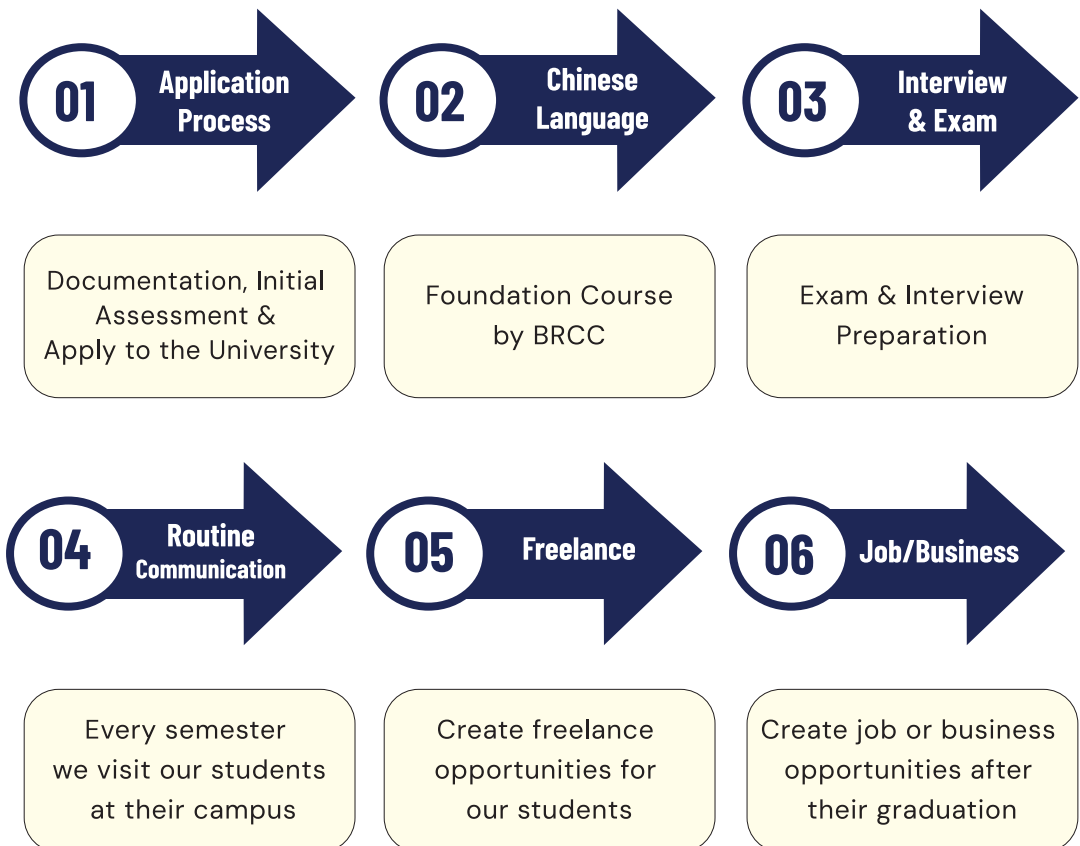

MESSAGE FROM DR. MARUF MOLLAH

Looking into the future, we will continue to uphold the enterprise spirit of "integrity, innovation, excellence," constantly pursue excellence, and continuously challenge ourselves. We will continue to deepen reform, improve management, and improve overseas study services in China to meet China's needs for developing high-quality international talent training. At the same time, we also look forward to establishing strategic partnerships with more partners to promote the development of the enterprise jointly.

International Student Admission Services

Chinese Education Expo Globally:

MalishaEdu has been organizing the Chinese Education Expo, which specializes in promoting Chinese Education in different countries with different Chinese Universities. We have organized Education Expo in different countries such as Bangladesh, Thailand, Indonesia, Egypt, Morocco, Tanzania, Uzbekistan, Tajikistan, and so on, with different Chinese Universities such as Sichuan University, Yangzhou University, Shanxi University, Yunnan University, and so on. More international students and parents can learn about Chinese Education and Chinese Universities through this education expo.

Bilateral Collaboration between Chinese & Overseas Educational Institutions:

MalishaEdu actively utilizes abundant Chinese and overseas resources to assist Chinese Universities and overseas Ministry of Education, Government Departments, Universities, High schools, and training centers to establish bilateral cooperation and exchange programs, including joint degree programs, such as for bachelor degree 0.5 + 3.5 + 1 + 4, 1 + 3, 2 + 2, 3 + 1 programs, for masters degree 1.5 + 1.5, 1 + 2, 3 + 1 programs, academic exchange programs. Moreover, we assist Chinese Universities in establishing overseas preparatory centers, entrance examination centers, and other programs.

Chinese Language and Foundation Course through the BRCC:

MalishaEdu has started the foundation courses in Bangladesh in 2019 successfully. In the global market, the Chinese Language has become one of the most essential languages, and the foundation course has been very effective for students who want to study in China. Therefore, MalishaEdu established the Belt & Road Chinese Center(BRCC) in 2022, and BRCC has been established in Thailand, Indonesia, Laos, Angola, Namibia, and Mongolia. Moreover, the highest recognition for BRCC is being recognized by the Chinese test center and has become the HSK , HSKK, YCT, MCT, and BCT Test Center in Bangladesh.

Through this BRCC, we provide Chinese Language and Culture courses, Chinese Proficiency Tests, Foundation Courses, Enrollment exams for Chinese Universities, and job replacements for Chinese enterprises.

Airport Arrival Assistance Service:

MalishaEdu always cares about the students especially of the new students who are flying to Chinese Universities at the first time. So we provide airport pickup service with professional team.

On-site Support during the Study Period in China:

The services of MalishaEdu are long-term and lasting. During the study period, we will keep in touch with our students. We will visit them every year, pay close attention to students' studies and work, find out the difficulties in time, and cooperate with the school to communicate and solve those difficulties the first time. In addition, we will allocate some funds to support international students in China and reward some excellent students in character and learning.

Employment Placement Assistance after Graduation:

In talent training, the ultimate goal is to serve society; we attach great importance to international students' talent training and employment problems after graduation; our company and multiple quality enterprises at home and abroad have a close relationship of cooperation and established in 2022 the Easy Link business service company, recommend employment opportunities for outstanding graduates, assist for a work visa, assist the registered company and guide the company operation.

Corporate Social Responsibilities through Malisha Foundation:

Our company has always put education first, helping excellent students obtain higher education opportunities, which has always been our original education aspiration. In the process of education work, we often meet some outstanding but underprivileged students; in order to help these students get the same education opportunities, MalishaEdu established the Malisha Foundation to help excellent but underprivileged students get the same education opportunities, by 2023 MalishaEdu Foundation countries more than 60 students completed their university education.

MalishaEdu has worked and recommended students to over 210 well-reputed Chinese universities. Almost all majors are available in these Universities, including Chinese and English as teaching methods.

Some of Our Students Testimonial

“

Hello! My name is **TATANJAKY JOBONINA MIANTSA**, I come from Madagascar and I'm about to follow my study here in Nanjing University of Post and telecommunications (NJUPT) China right now, my major is computer Science. So this is the step that I passed through so as to be here...

It was among my biggest dream to study abroad especially in China then I was feeling free directly to contact MalishaEdu and I'm so thankful up till now for their support since the beginning, they helped me so much. I think that studying here is just amazing.

”

“

Hi, I'm **Masaba Charles** expresses deep gratitude to MalishaEdu for the scholarship that allowed him to study in China. Despite discovering the contact late, he conveys sincere appreciation for the life-changing opportunity. Currently studying at Shanghai Polytechnic University, he describes the city as breathtaking and highlights his active involvement in the university football team. Charles expresses profound gratitude for the chance and emphasizes his determination to make the most of this valuable opportunity, thanking MalishaEdu for their unwavering support in facilitating educational opportunities.

”

“

When I decided to study in China, I started finding a study abroad agency and I found Malishaedu.

I really appreciate their support from the beginning until now. They not only help me manage the documents but also give me great advices, they took a good care of us from the day I flew from Thailand to China. I can always contact them anytime I faced the difficulties. They helped me booked flights, hotels and take me to the university. And now they still catching me up.

Study in China is such a great choice. I think I made a right decision in choosing Malishaedu.
